Study in Penang or KL Or both

Our unified programme across two campuses means you can study at either location and even attend classes at the other campus. Perfect for families based in Penang or who travel between both cities.

Students join all classes fully online. They must follow the full school day schedule for their subjects as well as other events and activities organized. Our classrooms are set up with the necessary technology and resources needed to accommodate online learning effectively. Students are required to attend classes at the Kuala Lumpur campus for 2 weeks during the programme.
